Fee Schedule

I agree to pay for services at the time they are rendered. If I have scheduled a 50-60 minute session, but the session lasts a shorter duration, I am still responsible for the full session fee.

I understand that additional fee(s) may be applied if I choose to pay by credit card.

If I choose to pay by check or money order, it is due at the time of the session unless I have arranged to pay on a monthly basis. If I have arranged in advance to pay monthly, then all outstanding fees for that month are due by the 5th day of the following month.

Checks should be made out to Wellness and Rehabilitation Psychological Services (or WRPS) and mailed to my office address.

I have provided my credit card information, with the understanding that my card will automatically be charged if I do not make payment by the last day of the following month after services are rendered (with additional fee(s) applied) according to the following fee schedule:

- Initial telephone consultation (up to 15 minutes): no charge
- Initial intake session (therapy/coaching): \$300
- Subsequent sessions (50-60 minutes): \$250
- Psychological Evaluations and Report Writing: \$300/hour
- Court-related preparation and testimony: \$350/hour
- Telephone calls for non-administrative matters lasting more than 5-10 minutes: charged on a prorated basis of \$250/hour.
- Other professional services taking more than 5-10 minutes, such as preparing letters in which clinical information is discussed, communicating with other health professionals: charged on a prorated basis of \$250/hour.
- Late-cancelled appointments (less than 48 hours in advance): \$125
- No show appointments, or cancellations within 4 hours of the scheduled appointment time: a fee equivalent to the full price of the missed session will be charged.
- Late arrivals (more than 10 minutes late for a session): the full price of the session booked will be charged.
